

How many times have you used water by the time you leave your house each day - did you brush your teeth, take a shower or make a cup of coffee? Millions of people in the developing world plan their entire day around how much (or how little) water they have access to each day. Recently, a bore hole well was dug at De Paul School in Mbinga, Tanzania, and as the well was being dug, water gushed out and the children began to cheer. Their previous water source was mountain-top dependent and pipes would often break, leading to a lack of water for the school. A gift of a **water system (#603)** (or a share in one) or a gift of a **water tank (#607)** will help Chalice provide sustainable water solutions to children in need.

## WATER FOR LIFE

Each year, the **Chalice Children Nutrition Program (#353)** feeds more than 5,000 children in Latin America and Africa. When you choose to donate to #353 in the Chalice Gift Catalogue, you will be helping us feed hungry children, giving them the nutrition they need to achieve better health, which leads to improved school performance and happier children!

## CHALICE CHILDREN NUTRITION

### SPONSOR A CHILD

MoneySense Magazine has rated Chalice a top Canadian charity in International Aid and Development for the past six years.

Official tax receipts are issued in February of the year following donation. If your donation for specific items exceeds the amount needed, Chalice will use your donation to support other Chalice-funded programs.

CRA Charity Registration # 13759 1012 RR0001

Chalice, 101-26 Union Street, Bedford, NS B4A 2B5

Healthy mothers means healthy babies. Improving maternal health is one of the World Health Organization's key priorities. Access to quality post-natal care gives mothers a great start with their new babies. A **wellness checkup (#303)** by a qualified health practitioner and vitamins will give more infants the chance to grow up happy and healthy. Vital to a person's identity, a **birth certificate (#304)** is needed to access education, medical care and government services. The absence of a legal record of birth leaves children vulnerable to neglect, abuse and human trafficking. For adults, a record of birth is needed to open a bank account, obtain a passport, and vote. Many parents and guardians living in poverty cannot afford to provide their children with a legal registration of their birth. With this gift, you can show a child that they belong, they are a member of their community and nation.

## INFANT/MATERNAL HEALTH

You will receive a tax receipt early in the new year.

When you choose a gift from our Gift Catalogue for your friend or loved one, we will send the recipient of your gift a beautiful card, telling them of the gift that's been purchased to help a struggling family or community. They will know that you have chosen a gift that is desperately needed and never a waste of money.
