Gather for Advent

As Advent begins, families in Ukraine set up their Advent wreathes and nativity scenes in their homes. They light one of their candles as they prepare for the coming of Jesus. Communities will set up Verteps – portable puppet theatres – and perform nativity plays. This year, the feast of St. Nicholas is celebrated on December 6th. This feast day is marked with church celebrations, concerts, food, and gifts for all 'good children.'

Prayer

This week, when you are gathered for a family meal, light the first candle (Purple) and say the following prayer. The theme of the week is hope! Discuss with your family and friends what you are hopeful for this Advent. O God, we pray for the Hope that you give us through your son, Jesus. We pray that all those needing food, shelter, and comfort will find lights of hope in those around them. Let me bring hope through acts of love to those around me.
