ANNUAL REPORT **2017-2018** **STAREHE GIRLS' CENTRE**

Education

Achievements

1. There has been an increase in the number of students who win scholarships to study abroad in prestigious universities.
2. Out of 115 students, 102 girls qualified to join government universities under the central placements service for their bachelors and diploma courses translating to 95% transition into the next academic level. The remaining 5% joined polytechnics and other tertiary institutions to pursue various diploma courses.
3. Students have fully embraced co-curricular activities and most categories managed to reach national levels. This helps to create an all-round student.
4. We successfully hosted an exchange program where students from Rwanda came to our institution for a conference with our girls. They covered various topics including leadership and policy making among many others.

Goals:

1. To ensure all students perform well and join government universities.
2. To avoid cases of school drop outs and all sponsored children complete their education and proceed to the next academic level.

Health and Hygiene

Achievements

1. Sanitation in the school is highly maintained and as a result, the health of our students is generally good.
2. Medical screening was conducted on form 1 and 2 students by Starehian doctors and nurses. Special cases were referred to general hospitals for better treatment.
3. Student's health is generally good as the school administration has strengthened governance and accountability in implementing school meals and nutrition program.

Goals

1. To ensure students with illnesses get immediate medical services to avoid cases of class absenteeism and disease transmission to other students.
2. To convey awareness for the importance of having good health and hygiene to the students and the entire Starehe fraternity

Board of Trustees

*Dr. Manu Chandaria, Dr. Eddah Gachukia, Mrs. Eunice Mathu, Mrs. Margery Kabuya, Mrs. Honorine Kiplagat,
Dr. Julius Kipng'etich, Ms. Grace Madoka, Mr. Josphat Mwaura*

Nutrition

Achievements

1. Our students have fully implemented good nutrition at home and in school and they are able to educate their families on the same.
2. The school provides complete and balanced meals to the students and as a result, they are in good health, able to settle in class, study and pass their exams.
3. The school implemented a nutritional workshop where the girls were taught how to prepare various foods, nutritional products and washing detergents.

Goals

1. Ensure our girls continue to put in practice the home made products they were taught to make and pass the knowledge to their friends and family.
2. To increase awareness and intake of adequate, locally available and nutritious foods among school children and their communities.

Community

Achievements

1. The school farm produces enough products for the school and the rest is sold to the neighboring community.

2. The students get to do voluntary services in the community where they plant trees, clean streets and weed flowers among others.
3. The school has continued to share resources with the outside community such as the school clinic, library and farm products among many others.

Goals

1. To continue sharing our resources with the community surrounding us.

Board of Trustees

Dr. Manu Chandaria, Dr. Eddah Gachukia, Mrs. Eunice Mathu, Mrs. Margery Kabuya, Mrs. Honorine Kiplagat, Dr. Julius Kipng'etich, Ms. Grace Madoka, Mr. Josphat Mwaura

2. To organize games and activities for children in orphanages and other rescue centers within our community so that they can get to interact with our girls.
3. To collect some assorted items in the school such as stationeries and toiletries and share them with the needy in our community.

FAMILY

Achievements:

1. We had our annual Thanks Giving ceremony and some of the families of our sponsored girls joined us in celebrating the performance of the school for the class of 2017.

2. Families of our girls contribute to the performance of the girls through the academic days where they are invited to the school to come and discuss the performance of their individual students.

3. Most families have continued to grow financially through the small businesses they set up. They can now rely on themselves and acquire all the basic needs they require.

Goal

1. To continue involving families of our sponsored girls in joining hands with the school to support better academic performance.

Direct Family Funding (DFF)

Achievements:

1. Most families that our girls come from have continued to grow financially and managed to do various investments through the small business they put in place.
2. We successfully had an entrepreneurial workshop with students at the centre where they were taught how to make various home made products. The girls promised to teach their guardians so that they can invest in it and be a source of income o the family.
3. Our girls have continued to utilize the DFF funds well by empowering their friends and family members as well as accessing all the basic needs they require.

Goal:

1. To ensure girls in college use the DFF funds well in acquiring what they do not have such as meals, medical expenses and other needs.

“Elimu Yetu, Nguvu Yetu”

Yours Sincerely,

Soita
