

2017-2018 Annual Report: PINIFE Site Congregation of Our Lady of Charity of the Good Shepherd Peru, Latin America

The site under sponsorship PINIFE works with children and adolescents whose parents work as: dockworkers, street vendors, sewing assistants, etc., receiving a low income, for this reason, many of the young people who finish high school do not have the possibility of continuing their higher education; being forced to work to support their families financially.

Education

Achievements

1. The computer lab has been implemented with 4 computers, educational games, individual boards for children and a 42" television.
2. 70% of parents of the sponsored children now have the support of close relatives, who fulfill the support and guidance of the children in their school duties, improving their educational performance.
3. 180 sponsored adolescents between the ages of 11 and 16, got educated in the prevention in early pregnancy, and they strengthened communication with their parents.

Goals

1. Encourage and initiate the literacy process for parents.
2. Improve the communication of parents with their adolescent children, through the development of training workshops.

Health & Hygiene

Achievements

1. 215 families have improved their personal hygiene and cleaning habits in their homes.
2. 70% of children and mothers have improved their health thanks to the semi-annual controls.
3. 85% of trained mothers and children apply new knowledge in health and care of the environment.

Goals

1. Improve oral health of families by promoting dental hygiene and performing regular check-ups with the dentist.
2. Promote from the family circles, that sponsored individuals perform their general medical check-up.

Nutrition

Achievements

1. 100% of those sponsored individuals have nutritional and TB controls covered by their insurance.
2. All mothers of the Family Circles carry out healthy practices in the preparation of food.
3. 80% of sponsored children and adolescents have better levels of nutrition and school performance.

Goals

1. Ensure the good nutrition of sponsored children and adolescents through nutrition talks.
2. Improve the health of the sponsored individuals, thanks to the permanent nutritional and TB control covered by the medical insurance.

Community

Achievements

1. 45 members of the 19 family circles are strengthened in leadership and personal development, 10 mothers of the 45 have received a certification from the Ministry of Women and are now trainers in their respective communities.
2. Thanks to the training workshops on prevention of family violence, all mothers recognize their rights and duties, and if they require, they turn to relevant instances to report the abuse.
3. With the support of students of the last cycle of psychology and administration, it was possible to strengthen 52 adolescents in decision-making and 280 mothers in business entrepreneurship.

Goals

1. Train and promote the creation of small companies in society or family.
2. Encourage a savings philosophy among mothers and young people.

Family

Achievements
