Sponsors create new horizons for the future

With sponsorship, you'll change two lives: theirs, and yours.

Ihor's life is vibrant, reflected in his colourful, spirited paintings. Born into a disadvantaged family and diagnosed with profound hearing loss at two, art became his way to express emotions and connect with the world.

"For him it was not only the way of expressing emotions," Khrystyna says, Ternopil site director, "but also the means of communication with the world. He has lost his hearing, but the voice of his heart speaks loudly through every brush stroke on his canvases."

At nine, he was connected to a Chalice sponsor and his life changed. His parents received resources to support his health and studies, and thanks to the Chalice gift catalogue, a hearing aid.

"The hearing aid opened new horizons for Ihor and started a new stage in his personal and artistic development," says Khrystyna.

With support from his field worker, Olha, Ihor held two exhibitions, showcasing his talent and inspiring him to reach new heights. Ihor's art, filled with personal experience, symbolizes hope and inner strength. His journey proves that, with reliable support like Chalice, anyone can overcome challenges.
